ABOUT ME

APPROACH

I adapt fast. I calmly take on work outside my main specialisation, talk to clients myself and carry a job from the idea to the final material.

FOCUS

Design + IT. Graphic and web design, branding, packaging, advertising and SMM materials, plus systems and network administration.

EFFICIENCY

Attentive. I treat every request responsibly and always aim to deliver exactly the result that is needed.

EXPERIENCE

Freelance designer

2021 – 2025

Branding, websites, packaging, advertising materials and SMM. Direct communication with clients, concept development and running projects on my own.

Graphic / Brand Designer — Snape OÜ

2025 / 6 months

UI and graphic design, branding, packaging, print production and social media materials. I left because of compulsory military service — agreed in advance, already at the interview.

Military service — Kaitsevägi

01.2026 – 08.2026

During service I kept administering existing clients and took on new freelance work where possible.

Freelance designer

09.2026 – present

Built this landing page and keep freelancing.
